

**ACADEMIC EXCHANGE AGREEMENT
BETWEEN
KONKUK UNIVERSITY, SEOUL, SOUTH KOREA
AND
HUE UNIVERSITY OF AGRICULTURE AND FORESTRY, HUE, VIETNAM**

Lab. of Animal Nutrition Physiology & Proteomics of Konkuk University in Seoul, South Korea and Hue University of Agriculture and Forestry, in Hue, Vietnam, with a view to promoting mutual academic cooperation, agree as follows.

The scope of this cooperation shall cover Brain Korea 21 plus (BK21plus) program offered at either institution that are deemed necessary for furthering cooperation of the issue "Research of confrontation of climate change in livestock" between the two institutions.

Such programs shall include but not be limited to:

1. Graduate student exchange
2. Exchange of academic data
3. Organization of joint research programs
4. Academic forums

The details of a specific program shall be separately negotiated and agreed upon by both institutions prior to the program's implementation, which shall depend upon the availability of funding, the needs of both institutions, and other considerations.

This agreement shall take effect on the day when both institutions sign it and remain in effect for five (5) years. It shall be automatically renewed unless either institution informs the other in writing of its intention to terminate it at least six (6) months in advance.
