

# ENHANCE

STRENGTHENING NATIONAL RESEARCH AND INNOVATION CAPACITIES IN VIETNAM

## strengthening National research And Innovation Capacities in vIETnam

ENHANCE aims to strengthen capacities of the **Vietnamese Higher Education (HE) system** promoting effective **Research and Innovation (R&I) management and implementation**.

### Specific objectives of the ENHANCE project

- To **build the human capacities in R&I Management and Implementation** by means of a targeted training programme.
- To **strengthen the institutional capacity** and enhance **national networking** by means of setting up a **Network of R&I Offices** in Vietnam.

#### Consortium

- 6 of the most relevant **Vietnamese Higher Education Institutions (HEIs)** with geographical balance
- 3 **European HEIs** with large experience in Research & Innovation and international cooperation
- **Ministry of Education and Training (MOET)**
- **Ministry of Science and Technology (MOST)**

#### Impact

- **Increased capacities** in R&I management and implementation.
- **Improved R&I Units** of Vietnamese HEIs
- **Increased dialogue** among academia and national HE and S&T authorities.
- **Increased cooperation** at national and international level among researchers and the private sector.
